

=====

15TH INTERNATIONAL SCHOOL ON
FOUNDATIONS OF SECURITY ANALYSIS AND DESIGN
FOSAD 2015

=====

<http://www.sti.uniurb.it/events/fosad15>

31 August - 5 September 2015, Bertinoro, Italy

In cooperation with NESSoS and CryptoForma

*** Application Deadline: June 20, 2015

FOSAD has been one of the foremost events established with the goal of disseminating knowledge about foundations of security analysis and design to graduate students and young computer scientists from academia or industry.

LECTURERS>

Michael Backes	Saarland Univ.
Herbert Bos	Vrije Univ. Amsterdam
Michael Clarkson	Cornell Univ.
Hubert Comon	ENS Cachan
Ivan Damgård	Aarhus Univ.
Andy Gordon	Microsoft Research
Heiko Mantel	TU Darmstadt

The courses alternate theory and practice sessions.

Full program and links to background material will be soon available at the FOSAD web page.

OPEN SESSION>

Daily sessions will be organized for participants who intend to take advantage of the audience for presenting their current research/tool in the area.

SCIENTIFIC COMMITTEE>

Martin Abadi	Javier Lopez
Alessandro Aldini	Fabio Martinelli (Chair)
Gilles Barthe	Catherine Meadows

Eerke Boiten Bart Preneel
Sandro Etalle

VENUE>

The school is organized at the University Residential Center of Bertinoro (CEUB), Italy:

<http://www.ceub.it/>

The host venue provides a unique architectural and environmental setting joining the stunning views of the hilltop of Bertinoro with the historical location of the ancient fortress and the facilities of the Center, which offers accommodation, meeting rooms, and modern conference and computing services.

DATES>

Prospective participants should apply through the FOSAD web page by:

June 20, 2015.

Notification of accepted applicants will be posted by:

June 24, 2015.

Registration to the school is due by:

July 24, 2015.
